

1. Listening to the sounds of a quake.

As you listen to the tape of Mr. Pate experiencing the earthquake, record what do the sounds in his house tell you about the shaking strength? Does the shaking stay the same throughout the whole earthquake?

2. Describe Mr. Pates emotional reactions during the earthquake. Was he terrified, happy, crying?

3. What did he do during the earthquake? Was this the safest thing he could do?

4. Have you ever been very frightened? Describe that situation and how you reacted and what you did to help yourself calm down.
